Printing date 09.09.2010	Revision: 09.09.2010
1 Identification of substance	
Product details	
Trade name	2,4-Diamino-6-hydroxypyrimidine monohydrate
Stock number:	A11724, L05683
Manufacturer/Supplier:	Alfa Aesar GmbH & Co.KG
	Benzstrasse 3 E-mail: gcat@matthey.com D-76185 Karlsruhe / Germany www.alfa-chemcat.com
Informing department:	Product safety department
Emergency information:	Giftnotruf Universität Mainz / Poison Information Center Mainz www.giftinfo.uni-mainz.de Telefon:+49(0)6131/19240
	www.gitunio.uni-mainz.de Telefon.+49(0)0131/19240
2 Hazards identification	
Hazard designation:	void
Information pertaining to particular dangers for man and environment	Not applicable
GHS label elements	Void
3 Composition/information on ingredient	s
Chemical characterization:	
Designation: (CAS#)	2,4-Diamino-6-hydroxypyrimidine monohydrate (CAS# ?): 100%
Identification number(s): EINECS Number:	200-254-4
Additonal information:	CAS# for anhydrous form: 56-06-4
4 First aid measures	
After inhalation	Supply fresh air. If required, provide artificial respiration. Keep patient warm. Consult doctor if symptoms
	persist. Seek immediate medical advice.
After skin contact	Instantly wash with water and soap and rinse thoroughly.
After eye contact	Seek immediate medical advice. Rinse opened eye for several minutes under running water. Then consult doctor.
After swallowing	Seek medical treatment.
5 Fire fighting measures	
Suitable extinguishing agents	CO2, extinguishing powder or water jet. Fight larger fires with water jet or alcohol-resistant foam.
Special hazards caused by the material, its products of combustion or flue gases:	Can be released in case of fire:
products of compaction of the gauge.	Carbon monoxide and carbon dioxide
Protective equipment:	Nitrogen oxides (NOx) Wear self-contained breathing apparatus.
· · ·	Wear full protective suit.
6 Accidental release measures	
Deve en veleted estatu una soutienes	
Person-related safety precautions:	Wear protective equipment. Keep unprotected persons away.
Measures for environmental protection:	Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits.
Measures for environmental protection: Measures for cleaning/collecting:	Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically.
Measures for environmental protection:	Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically.
Measures for environmental protection: Measures for cleaning/collecting: Additional information:	Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits.
Measures for environmental protection: Measures for cleaning/collecting:	Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically.
Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage Handling	Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically. See Section 7 for information on safe handling See section 8 for information on personal protection equipment. See Section 13 for information on disposal.
Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage	Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically. See Section 7 for information on safe handling See section 8 for information on personal protection equipment. See Section 13 for information on disposal. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers.
Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage Handling Information for safe handling: Information about protection against	Ensure adequate verifilation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically. See Section 7 for information on safe handling See section 8 for information on personal protection equipment. See Section 13 for information on disposal. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers. No special precautions necessary if used correctly.
Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage Handling Information for safe handling: Information about protection against explosions and fires:	Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically. See Section 7 for information on safe handling See section 8 for information on personal protection equipment. See Section 13 for information on disposal. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers.
Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage Handling Information for safe handling: Information about protection against explosions and fires: Storage Requirements to be met by storerooms and	Ensure adequate ventiliation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically. See Section 7 for information on safe handling See section 8 for information on personal protection equipment. See Section 13 for information on disposal. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers. No special precautions necessary if used correctly. Keep ignition sources away - Do not smoke.
Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling Information for safe handling: Information about protection against explosions and fires: Storage Requirements to be met by storerooms and containers:	Ensure adequate verifilation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically. See Section 7 for information on safe handling See section 8 for information on personal protection equipment. See Section 13 for information on disposal. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers. No special precautions necessary if used correctly.
Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage Handling Information for safe handling: Information about protection against explosions and fires: Storage Requirements to be met by storerooms and containers: Information about storage in one common storage facility:	Ensure adequate ventiliation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically. See Section 7 for information on safe handling See section 8 for information on personal protection equipment. See Section 13 for information on disposal. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers. No special precautions necessary if used correctly. Keep ignition sources away - Do not smoke.
Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage Handling Information for safe handling: Information about protection against explosions and fires: Storage Requirements to be met by storerooms and containers: Information about storage in one common	Ensure adequate verifilation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically. See Section 7 for information on safe handling See section 8 for information on personal protection equipment. See Section 13 for information on disposal. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers. No special precautions necessary if used correctly. Keep ignition sources away - Do not smoke. No special requirements. Store away from oxidizing agents. Keep container tightly sealed.
Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage Handling Information for safe handling: Information about protection against explosions and fires: Storage Requirements to be met by storerooms and containers: Information about storage in one common storage facility: Further information about storage	Ensure adequate verifilation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically. See Section 7 for information on safe handling See section 8 for information on personal protection equipment. See Section 13 for information on disposal. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers. No special precautions necessary if used correctly. Keep ignition sources away - Do not smoke. No special requirements. Store away from oxidizing agents.
Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage Handling Information for safe handling: Information about protection against explosions and fires: Storage Requirements to be met by storerooms and containers: Information about storage in one common storage facility: Further information about storage	Ensure adequate verifilation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically. See Section 7 for information on safe handling See section 8 for information on personal protection equipment. See Section 13 for information on disposal. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers. No special precautions necessary if used correctly. Keep ignition sources away - Do not smoke. No special requirements. Store away from oxidizing agents. Keep container tightly sealed. Store in cool, dry conditions in well sealed containers.
Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage Handling Information for safe handling: Information about protection against explosions and fires: Storage Requirements to be met by storerooms and containers: Information about storage in one common storage facility: Further information about storage conditions: 8 Exposure controls and personal protect Additional information about design of	Ensuré adequate vertilation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically. See Section 7 for information on personal protection equipment. See Section 13 for information on disposal. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers. No special precautions necessary if used correctly. Keep ignition sources away - Do not smoke. No special requirements. Store away from oxidizing agents. Keep container tightly sealed. Store in cool, dry conditions in well sealed containers.
Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage Handling Information for safe handling: Information about protection against explosions and fires: Storage Requirements to be met by storerooms and containers: Information about storage in one common storage facility: Further information about storage conditions: 8 Exposure controls and personal protect	Ensure adequate verifilation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically. See Section 7 for information on safe handling See section 8 for information on personal protection equipment. See Section 13 for information on disposal. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers. No special precautions necessary if used correctly. Keep ignition sources away - Do not smoke. No special requirements. Store away from oxidizing agents. Keep container tightly sealed. Store in cool, dry conditions in well sealed containers.
Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage Handling Information for safe handling: Information about protection against explosions and fires: Storage Requirements to be met by storerooms and containers: Information about storage in one common storage facility: Further information about storage conditions: 8 Exposure controls and personal protect Additional information about design of technical systems: Components with critical values that require	Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically. See Section 7 for information on personal protection equipment. See Section 13 for information on disposal. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers. No special precautions necessary if used correctly. Keep ignition sources away - Do not smoke. No special requirements. Store away from oxidizing agents. Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. <i>tion</i> Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.
Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage Handling Information for safe handling: Information about protection against explosions and fires: Storage Requirements to be met by storerooms and containers: Information about storage in one common storage facility: Further information about storage conditions: 8 Exposure controls and personal protect Additional information about design of technical systems: Components with critical values that require monitoring at the workplace:	Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically. See Section 7 for information on personal protection equipment. See Section 13 for information on disposal. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers. No special precautions necessary if used correctly. Keep ignition sources away - Do not smoke. No special requirements. Store away from oxidizing agents. Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. tion Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.

	(Contd. of page
9 Physical and chemical properties:	
General Information	
Form: Colour:	Powder Beige
Smell:	Not determined
Change in condition	
Melting point/Melting range: Boiling point/Boiling range:	285°C (dec) Not determined
Sublimation temperature / start:	Not determined
Flash point:	Not applicable
Ignition temperature:	Not determined
Decomposition temperature:	Not determined
Danger of explosion:	Product is not explosive.
Critical values for explosion:	Not determined
Lower: Upper:	Not determined
Steam pressure:	Not determined
Density	Not determined
Solubility in / Miscibility with	
Water:	Soluble
0 Stability and reactivity	
Thermal decomposition / conditions to be	
avoided:	No decomposition if used and stored according to specifications.
Materials to be avoided:	Oxidizing agents
Dangerous reactions: Dangerous products of decomposition:	No dangerous reactions known Carbon monoxide and carbon dioxide
	Nitrogen oxides (NOx)
11 Toxicological information	
Acute toxicity:	
Primary irritant effect:	
on the skin: on the eye:	May cause irritation May cause irritation
Sensitizátion:	No sensitizing effect known.
Additional toxicological information:	To the best of our knowledge the acute and chronic toxicity of this substance is not fully known. No classification data on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSH
	or ACGIH.
12 Ecological information:	
12 Ecological information:	
Additional ecological information: General notes:	Water hazard class 1 (Self-assessment): slightly hazardous for water.
	Do not allow undiluted product or large quantities of it to reach ground water, water bodies or sewage system Do not allow material to be released to the environment without proper governmental permits.
3 Disposal considerations	
Product:	
Recommendation	Consult state, local or national regulations for proper disposal. Hand over to disposers of hazardous waste.
	Must be specially treated under adherence to official regulations.
Uncleaned packagings:	
Recommendation: Recommended cleaning agent:	Disposal must be made according to official regulations. Water, if necessary with cleaning agent.
4 Transport information	
Land transport ADR/RID and GGVS/GGVE (ADR/RID-GGVS/E Class:	cross-border/domestic) None
Maritime transport IMDG/GGVSea:	
IMDG/GGVSea Class:	None
Marine pollutant:	No
Air transport ICAO-TI and IATA-DGR: ICAO/IATA Class:	None
Transport/Additional information:	Not dangerous according to the above specifications.
•	
15 Regulatory information	
Designation according to EC guidelines:	Observe the normal safety regulations when handling chemicals
	The product is not subject to identification regulations under EC Directives and the Ordinance on Hazardous Materials (GefStoffV).
National regulations	
Information about limitation of use:	For use only by technically qualified individuals.
Water hazard class:	Water hazard class 1 (Self-assessment): slightly hazardous for water.
16 Other information:	a supplement to other information gathered by them, and should make independent independent of a stability of
this information to ensure proper use and prote	a supplement to other information gathered by them, and should make independent judgement of suitability of ect the health and safety of employees. This information is furnished without warranty, and any use of the prod
not in conformance with this Material Safety Da	ect the health and safety of employees. This information is furnished without warrantý, and any use of the prod ata Sheet, or in combination with any other product or process, is the responsibility of the user.
