	Revision: 02.08.2010
1 Identification of substance	
Product details	
Trade name	4-Fluoro-3-(trifluoromethyl)benzyl bromide
Stock number:	B22817, L19181
Manufacturer/Supplier:	Alfa Aesar GmbH & Co.KG
	Benzstrasse 3 E-mail: gcat@matthey.com D-76185 Karlsruhe / Germany www.alfa-chemcat.com
Informing department:	Product safety department.
Emergency information:	Giftnotruf Universität Mainz / Poison Information Center Mainz www.giftinfo.uni-mainz.de Telefon:+49(0)6131/19240
	www.gininio.uni-mainz.de Teleion.+49(0)6131/19240
2 Hazards identification	
Hazard designation:	
	C Corrosive
Information pertaining to particular dangers	
for man and environment GHS label elements	R 34 Causes burns.
	Danger
	H314 - Causes severe skin burns and eye damage.
Prevention: Response:	P260 Do not breathe dust/fume/gas/mist/vapours/sprav
Response.	P301+P330+P331 IF SWALLOWED: rinse mouth. Do NOT induce vomiting. P303+P361+P353 IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin
	with water/shower. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if
Storago	present and easy to do. Continue rinsing.
Storage: Disposal:	P405 Store locked up. P501 Dispose of contents/container in accordance with local/regional/national/international regulations.
3 Composition/information on ingredient	S
Chemical characterization: Designation: (CAS#)	4-Fluoro-3-(trifluoromethyl)benzyl bromide
	(CAS# 184970-26-1): 100%
4 First aid measures	
General information	Instantly remove any clothing soiled by the product.
After inhalation	Supply fresh air. If required, provide artificial respiration. Keep patient warm. Consult doctor if symptoms
	persist. Seek immediate medical advice.
After skin contact	Instantly wash with water and soap and rinse thoroughly.
After eye contact	Seek immediate medical advice. Rinse opened eye for several minutes under running water. Then consult doctor.
After swallowing	Seek immediate medical advice.
5 Fire fighting measures	
Suitable extinguishing agents	CO2, extinguishing powder or water jet. Fight larger fires with water jet or alcohol-resistant foam.
Special hazards caused by the material, its	
products of combustion or flue gases:	Can be released in case of fire: Carbon monoxide and carbon dioxide
	Hydrogen fluoride (HE) Hydrogen bromide (HBr)
Protective equipment:	Wear self-contained breathing apparatus.
	Wear self-contained breathing apparatus.
	Wear full protective suit.
6 Accidental release measures	Wear full protective suit.
· ·	Wear full protective suit.
6 Accidental release measures Person-related safety precautions:	Wear full protective suit. Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation
6 Accidental release measures	Wear full protective suit. Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).
6 Accidental release measures Person-related safety precautions: Measures for environmental protection:	Wear full protective suit. Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Use neutralizing agent. Dispose of contaminated material as waste according to item 13
6 Accidental release measures Person-related safety precautions: Measures for environmental protection: Measures for cleaning/collecting:	Wear full protective suit. Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Use neutralizing agent. Dispose of contaminated material as waste according to item 13. Ensure adequate ventilation
6 Accidental release measures Person-related safety precautions: Measures for environmental protection:	Wear full protective suit. Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Use neutralizing agent. Dispose of contaminated material as waste according to item 13. Ensure adequate ventilation. See Section 7 for information on safe handling See section 8 for information on personal protection equipment.
6 Accidental release measures Person-related safety precautions: Measures for environmental protection: Measures for cleaning/collecting:	Wear full protective suit. Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Use neutralizing agent. Dispose of contaminated material as waste according to item 13
6 Accidental release measures Person-related safety precautions: Measures for environmental protection: Measures for cleaning/collecting: Additional information:	Wear full protective suit. Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Use neutralizing agent. Dispose of contaminated material as waste according to item 13. Ensure adequate ventilation. See Section 7 for information on safe handling See section 8 for information on personal protection equipment.
6 Accidental release measures Person-related safety precautions: Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage Handling	Wear full protective suit. Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Use neutralizing agent. Dispose of contaminated material as waste according to item 13. Ensure adequate ventilation. See Section 7 for information on safe handling See section 8 for information on personal protection equipment. See Section 13 for information on disposal.
6 Accidental release measures Person-related safety precautions: Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage	Wear full protective suit. Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Use neutralizing agent. Dispose of contaminated material as waste according to item 13. Ensure adequate ventilation. See Section 7 for information on safe handling See Section 13 for information on disposal. Handle under dry protective gas.
6 Accidental release measures Person-related safety precautions: Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage Handling	Wear full protective suit. Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Use neutralizing agent. Dispose of contaminated material as waste according to item 13. Ensure adequate ventilation. See Section 7 for information on safe handling See section 8 for information on personal protection equipment. See Section 13 for information on disposal. Handle under dry protective gas. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers.
6 Accidental release measures Person-related safety precautions: Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage Handling Information for safe handling:	Wear full protective suit. Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Use neutralizing agent. Dispose of contaminated material as waste according to item 13. Ensure adequate ventilation. See Section 7 for information on safe handling See Section 13 for information on personal protection equipment. See Section 13 for information on disposal. Handle under dry protective gas. Keep containers tightly sealed.
6 Accidental release measures Person-related safety precautions: Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage Handling Information for safe handling: Information about protection against explosions and fires:	Wear full protective suit. Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Use neutralizing agent. Dispose of contaminated material as waste according to item 13. Ensure adequate ventilation. See Section 7 for information on safe handling See section 8 for information on personal protection equipment. See Section 13 for information on disposal. Handle under dry protective gas. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers.
6 Accidental release measures Person-related safety precautions: Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage Handling Information for safe handling: Information about protection against explosions and fires: Storage	Wear full protective suit. Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Use neutralizing agent. Dispose of contaminated material as waste according to item 13. Ensure adequate ventilation. See Section 7 for information on safe handling See section 8 for information on disposal. Handle under dry protective gas. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation/exhaustion at the workplace.
 6 Accidental release measures Person-related safety precautions: Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage Handling Information for safe handling: Information about protection against explosions and fires: Storage Requirements to be met by storerooms and containers: 	Wear full protective suit. Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Use neutralizing agent. Dispose of contaminated material as waste according to item 13. Ensure adequate ventilation. See Section 7 for information on safe handling See section 8 for information on disposal. Handle under dry protective gas. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation/exhaustion at the workplace.
 6 Accidental release measures Person-related safety precautions: Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage Handling Information for safe handling: Information about protection against explosions and fires: Storage Requirements to be met by storerooms and containers: Information about storage in one common 	Wear full protective suit. Wear full protective suit. Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Use neutralizing agent. Dispose of contaminated material as waste according to item 13. Ensure adequate ventilation. See Section 7 for information on safe handling See section 8 for information on personal protection equipment. See Section 13 for information on disposal. Handle under dry protective gas. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation/exhaustion at the workplace. Keep ignition sources away - Do not smoke. No special requirements.
 6 Accidental release measures Person-related safety precautions: Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage Handling Information for safe handling: Information about protection against explosions and fires: Storage Requirements to be met by storerooms and containers: 	Wear full protective suit. Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Use neutralizing agent. Dispose of contaminated material as waste according to item 13. Ensure adequate ventilation. See Section 7 for information on safe handling See section 8 for information on personal protection equipment. See Section 13 for information on disposal. Handle under dry protective gas. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation/exhaustion at the workplace. Keep ignition sources away - Do not smoke. No special requirements. Store away from water. Store away from water.
 6 Accidental release measures Person-related safety precautions: Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage Handling Information for safe handling: Information about protection against explosions and fires: Storage Requirements to be met by storerooms and containers: Information about storage in one common storage facility: 	Wear full protective suit. Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Use neutralizing agent. Dispose of contaminated material as waste according to item 13. Ensure adequate ventilation. See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for information on disposal. Handle under dry protective gas. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation/exhaustion at the workplace. Keep ignition sources away - Do not smoke. No special requirements. Store away from water.
 6 Accidental release measures Person-related safety precautions: Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage Handling Information for safe handling: Information about protection against explosions and fires: Storage Requirements to be met by storerooms and containers: Information about storage in one common 	Wear full protective suit. Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Use neutralizing agent. Dispose of contaminated material as waste according to item 13. Ensure adequate ventilation. See Section 7 for information on personal protection equipment. See Section 13 for information on disposal. Handle under dry protective gas. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation/exphaustion at the workplace. Keep ignition sources away - Do not smoke. No special requirements. Store away from water. Store away from water. Store away from storing bases. Store under dry inert gas.
 6 Accidental release measures Person-related safety precautions: Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage Handling Information for safe handling: Information about protection against explosions and fires: Storage Requirements to be met by storerooms and containers: Information about storage in one common storage facility: Further information about storage 	Wear full protective suit. Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Use neutralizing agent. Dispose of contaminated material as waste according to item 13. Ensure adequate ventilation. See Section 7 for information on safe handling See section 7 for information on personal protection equipment. See Section 13 for information on disposal. Handle under dry protective gas. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation/exhaustion at the workplace. Keep ignition sources away - Do not smoke. No special requirements. Store away from water. Store away from strong bases. Store under dry inert gas. This product is moisture sensitive. Keep container dry inert gas. This product is moisture sensitive. Keep container dry inert gas. This product is moisture sensitive.
 6 Accidental release measures Person-related safety precautions: Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage Handling Information for safe handling: Information about protection against explosions and fires: Storage Requirements to be met by storerooms and containers: Information about storage in one common storage facility: Further information about storage 	Wear full protective suit. Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Use neutralizing agent. Dispose of contaminated material as waste according to item 13. Ensure adequate ventilation. See Section 7 for information on safe handling See section 7 for information on personal protection equipment. See Section 13 for information on disposal. Handle under dry protective gas. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation/exhaustion at the workplace. Keep ignition sources away - Do not smoke. No special requirements. Store away from water. Store away from strong bases. Store under dry inert gas. This product is moisture sensitive. Keep container dry inert gas. This product is moisture sensitive. Keep container dry inert gas. This product is moisture sensitive.
 6 Accidental release measures Person-related safety precautions: Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage Handling Information for safe handling: Information about protection against explosions and fires: Storage Requirements to be met by storerooms and containers: Information about storage in one common storage facility: Further information about storage 	Wear full protective suit. Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Use neutralizing agent. Dispose of confaminated material as waste according to item 13. Ensure adequate ventilation. See Section 7 for information on parsonal protection equipment. See Section 13 for information on disposal. Handle under dry protective gas. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation/exhaustion at the workplace. Keep ignition sources away - Do not smoke. No special requirements. Store away from water. Store away from storg bases. Store away from storg bases. Store away from storg bases.

(Contd. on page 2)

Trade name 4-Fluoro-3-(trifluoromethyl)benzyl bromide

	(Contd. of page 1)
8 Exposure controls and personal protect	
Additional information about design of	
technical systems:	Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.
Components with critical values that require monitoring at the workplace: Additional information:	P Not required. No data
Personal protective equipment General protective and hygienic measures	The usual precautionary measures should be adhered to in handling the chemicals. Keep away from foodstuffs, beverages and food. Instantly remove any soiled and impregnated garments. Wash hands during breaks and at the end of the work. Avoid contact with the eyes and skin.
Breathing equipment: Protection of hands: Material of gloves	Use breathing protection with high concentrations. Check protective gloves prior to each use for their proper condition. The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer.
Eye protection:	Safety glasses Tightly sealed safety glasses. Full face protection Face protection
Body protection:	Protective work clothing.
9 Physical and chemical properties:	
General Information	
Form: Smell:	Liquid Not determined
Change in condition Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start:	Not determined Not determined Not determined
Flash point:	Not determined
Ignition temperature:	Not determined
Decomposition temperature:	Not determined
Danger of explosion:	Product is not explosive.
Critical values for explosion: Lower: Upper:	Not determined Not determined
Steam pressure:	Not determined
Density	Not determined
 10 Stability and reactivity Thermal decomposition / conditions to be avoided: Materials to be avoided: Dangerous reactions: Dangerous products of decomposition: 	No decomposition if used and stored according to specifications. Water/moisture Oxidizing agents Bases No dangerous reactions known Carbon monoxide and carbon dioxide Hydrogen fluoride
	Hýdroğen bromide
11 Toxicological information Acute toxicity: Primary irritant effect: on the skin:	Corrosive effect on skin and mucous membranes. Irritant for skin and mucous membranes.
on the eye: Sensitization: Additional toxicological information:	Strong corrosive effect. Irritant effect. No sensitizing effect known. To the best of our knowledge the acute and chronic toxicity of this substance is not fully known. Swallowing will lead to a strong caustic effect on mouth and throat and to the danger of perforation of esophagus and stomach. No classification data on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH.
12 Ecological information: Additional ecological information: General notes:	Water hazard class 1 (Self-assessment): slightly hazardous for water. Do not allow undiluted product or large quantities of it to reach ground water, water bodies or sewage system. Do not allow material to be released to the environment without proper governmental permits.
13 Disposal considerations	
Product: Recommendation	Consult state, local or national regulations for proper disposal. Hand over to disposers of hazardous waste. Must be specially treated under adherence to official regulations.

Disposal must be made according to official regulations.

Uncleaned packagings: Recommendation:

14 Transport information		
Land transport ADR/RID and GGVS/GGVE (cross-border/domestic)		
ADR/RID-GGVS/E Class: Kemler Number: UN-Number: Packaging group: Label Designation of goods: Limited quantities (LQ) Transport category Tunnel restriction code	8 (C9) Corrosive substances. 80 1760 III 8 1760 CORROSIVE LIQUID, N.O.S. (4-Fluoro-3-(trifluoromethyl)benzyl bromide) LQ7 3 E	
Maritime transport IMDG/GGVSea:		
IMDG/GGVSea Class: UN Number: Label Packaging group: Marine pollutant: Correct technical name:	8 1760 8 III No CORROSIVE LIQUID, N.O.S. (4-Fluoro-3-(trifluoromethyl)benzyl bromide)	
Air transport ICAO-TI and IATA-DGR:		
ICAO/IATA Class: UN/ID Number: Label Packaging group: Correct technical name:	8 1760 8 III CORROSIVE LIQUID, N.O.S. (4-Fluoro-3-(trifluoromethyl)benzyl bromide)	
UN "Model Regulation":	UN1760, CORROSIVE LIQUID, N.O.S., 8, III	
15 Regulatory information Designation according to EC guidelines: Code letter and hazard designation of product:	C Corrosive	
Risk phrases:	34 Causes burns.	
Safety phrases:	 When using do not eat or drink. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. 36/37/39 Wear suitable protective clothing, gloves and eye/face protection. In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible). This material and its container must be disposed of as hazardous waste. 	
National regulations		
Information about limitation of use:	For use only by technically qualified individuals. Employment restrictions concerning young persons must be observed.	
Water hazard class:	Water hazard class 1 (Self-assessment): slightly hazardous for water.	
16 Other information: Employers should use this information only as a supplement to other information gathered by them, and should make independent judgement of suitability of this information to ensure proper use and protect the health and safety of employees. This information is furnished without warranty, and any use of the product not in conformance with this Material Safety Data Sheet, or in combination with any other product or process, is the responsibility of the user.
