Not classified

Category 2 Category 2A Not classified

Warning Causes skin irritation Causes serious eye irritation

Wash hands thoroughly after handling. Wear protective gloves/eye protection/face protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. IF ON SKIN: Gently wash with plenty of soap and water. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash before reuse.

## **3. COMPOSITION/INFORMATION ON INGREDIENTS**

| Substance/mixture: | Substance                           |
|--------------------|-------------------------------------|
| Component(s):      | 1-Butyl-4-methylpyridinium Chloride |
| Percent:           | >98.0%(LC)(T)                       |
| CAS Number:        | 112400-86-9                         |
| Chemical Formula:  | C <sub>10</sub> H <sub>16</sub> CIN |

# **4. FIRST AID MEASURES**

Inhalation: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical advice/attention if you feel unwell. Skin contact: Remove/Take off immediately all contaminated clothing. Gently wash with plenty of soap and water. If skin irritation or rash occurs: Get medical advice/attention.

| 4. FI                               | RST AID MEASURES   |  |  |
|-------------------------------------|--|--|--|
|                                     | Eye contact:   | Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.   |  |
|                                     | Ingestion:   | Get medical advice/attention if you feel unwell. Rinse mouth.  |  |
|                                     | Protection of first-aiders:  | A rescuer should wear personal protective equipment, such as rubber gloves and air-<br>tight goggles.  |  |
| 5. FI                               | RE-FIGHTING MEASURES   |  |  |
|                                     | Suitable extinguishing media:  | Dry chemical, foam, water spray, carbon dioxide.   |  |
|                                     | Specific hazards:  | Take care as it may decompose upon combustion or in high temperatures to generate poisonous fume.  |  |
|                                     | Specific methods:  | Fire-extinguishing work is done from the windward and the suitable fire-extinguishing method according to the surrounding situation is used. Uninvolved persons should evacuate to a safe place. In case of fire in the surroundings: Remove movable containers if safe to do so.  |  |
|                                     | Special protective equipment for firefighters:   | When extinguishing fire, be sure to wear personal protective equipment.  |  |

#### **13. DISPOSAL CONSIDERATIONS**

Soil adsorption (Koc):

constant(PaM<sup>3</sup>/mol):

Henry's Law

Recycle to process, if possible. Consult your local regional authorities. You may be able to dissolve or mix material with a combustible solvent and burn in a chemical incinerator equipped with an afterburner and scrubber system. Observe all federal, state and local regulations when disposing of the substance.

#### **14. TRANSPORT INFORMATION**

Hazards Class:Does not correspond to the classification standard of the United NationsUN-No:Not Listed

## **15. REGULATORY INFORMATION**

Safe management ordinance of dangerous chemical product (State Council announces on January 26, 2002): Safe use and production, the storage of a dangerous chemical, transport, loading and unloading were prescribed.

This MSDS was prepared sincerely on the basis of the information we could obtained, however, any warranty shall not be given regarding the data contained and the assessment of hazards and toxicity. Prior to use, please investigate not only the hazards and toxicity information but also the laws and regulations of the organization, area and country where the products are to be used, which shall be given the first priority.products are supposed to be used promptly after purchase in consideration of safety. Some new information or amendments may be added afterwards. If the products are to be used far behind the expected time of use or you have any questions, please feel free to contact us. The stated cautions are for normal handling only. In case of special handling, sufficient care should be taken, in addition to the safety measures suitable for the situation. All chemical products should be treated with the recognition of "having unknown hazards and toxicity", which differ greatly depending on the conditions and handling when in use and/or the conditions and duration of storage. The products must be handled only by those who are familiar with specialized knowledge and have experience or under the guidance of those specialists throughout use from opening to storage and disposal. Safe usage conditions shall be set up on each user's own responsibility.
