Printing date 21.08.2010	Revision: 21.08.2010
1 Identification of substance	
Product details	
Trade name	2-Chlorobenzenesulfonamide
Stock number:	L09082
Manufacturer/Supplier:	Alfa Aesar GmbH & Co.KG Benzstrasse 3 E-mail: gcat@matthey.com
	D-76185 Karlsruhe / Germany www.alfa-chemcat.com
Informing department: Emergency information:	Product safety department. Giftnotruf Universität Mainz / Poison Information Center Mainz
	Giftnotruf Universität Mainz / Poison Information Center Mainz www.giftinfo.uni-mainz.de Telefon:+49(0)6131/19240
2 Hazards identification	
	void
Hazard designation: Information pertaining to particular dangers	
for man and environment GHS label elements	Not applicable Void
3 Composition/information on ingredient	
Chemical characterization:	5
Designation: (CAS#)	2-Chlorobenzenesulfonamide (CAS# 6961-52-6)
Identification number(s): EINECS Number:	230-156-7
4 First aid measures	Current freet air liferaruirad arguide artificial requiration. Koon patient warm. Consult doctor if cumptome
After inhalation	Supply fresh air. If required, provide artificial respiration. Keep patient warm. Consult doctor if symptoms persist.
After skin contact	Seek immediate medical advice. Instantly wash with water and soap and rinse thoroughly.
	Seek immediate medical advice.
After eye contact After swallowing	Rinse opened eye for several minutes under running water. Then consult doctor. Seek medical treatment.
E Eiro fichting modeuros	
5 Fire fighting measures Suitable extinguishing agents	CO2, extinguishing powder or water jet. Fight larger fires with water jet or alcohol-resistant foam.
Suitable extinguishing agents Special hazards caused by the material, its	
products of combustion or flue gases:	Can be released in case of fire: Carbon monoxide and carbon dioxide
	Nitrogen oxides (NOx) Hydrogen chloride (HCI)
	Sulphur oxides (SOx)
Protective equipment:	Hydrogen cyanide (HCN) Wear self-contained breathing apparatus.
· · • • • • • • • • • • • • • • • • • •	Wear full protective suit.
6 Accidental release measures	
6 Accidental release measures Person-related safety precautions:	Wear protective equipment. Keep unprotected persons away.
Person-related safety precautions:	Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits
Person-related safety precautions: Measures for environmental protection: Measures for cleaning/collecting:	Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically
Person-related safety precautions:	Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically
Person-related safety precautions: Measures for environmental protection: Measures for cleaning/collecting:	Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits
Person-related safety precautions: Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage	Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically
Person-related safety precautions: Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage Handling	Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically. See Section 7 for information on safe handling See section 8 for information on personal protection equipment. See Section 13 for information on disposal.
Person-related safety precautions: Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage	Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically. See Section 7 for information on safe handling See section 8 for information on personal protection equipment. See Section 13 for information on disposal. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers.
Person-related safety precautions: Measures for environmental protection: Measures for cleaning/collecting: Additional information: 7 Handling and storage Handling Information for safe handling: Information about protection against	Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically. See Section 7 for information on personal protection equipment. See Section 8 for information on disposal. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers. No special precautions necessary if used correctly.
Person-related safety precautions:         Measures for environmental protection:         Measures for cleaning/collecting:         Additional information:         7 Handling and storage         Handling         Information for safe handling:         Information about protection against explosions and fires:	Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically. See Section 7 for information on safe handling See section 8 for information on personal protection equipment. See Section 13 for information on disposal. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers.
Person-related safety precautions:         Measures for environmental protection:         Measures for cleaning/collecting:         Additional information:         7 Handling and storage         Handling         Information for safe handling:         Information about protection against explosions and fires:         Storage	Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically. See Section 7 for information on personal protection equipment. See Section 8 for information on disposal. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers. No special precautions necessary if used correctly.
Person-related safety precautions:         Measures for environmental protection:         Measures for cleaning/collecting:         Additional information:         7 Handling and storage         Handling         Information for safe handling:         Information about protection against explosions and fires:         Storage         Requirements to be met by storerooms and containers:	Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically. See Section 7 for information on personal protection equipment. See Section 8 for information on disposal. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers. No special precautions necessary if used correctly.
Person-related safety precautions:         Measures for environmental protection:         Measures for cleaning/collecting:         Additional information:         7 Handling and storage         Handling         Information for safe handling:         Information about protection against explosions and fires:         Storage         Requirements to be met by storerooms and containers:         Information about storage in one common storage facility:	Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically. See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for information on disposal. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers. No special precautions necessary if used correctly. Keep ignition sources away - Do not smoke.

Store in cool, dry conditions in well sealed containers. <b>tion</b> Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. No trequired. No data The usual precautionary measures should be adhered to in handling the chemicals. Keep away from oodistifs, beverages and food. Instantly remove any solled and impregnated garments. Wash hands during breaks and at the end of the work. Use breating protection with high concentrations. Check protective gloves prior to each use for their proper condition. The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. Impervious gloves Not determined Safety glasses
Person-related safety precautions:         Measures for environmental protection:         Measures for cleaning/collecting:         Additional information:         7 Handling and storage         Handling         Information for safe handling:         Information about protection against explosions and fires:         Storage         Requirements to be met by storerooms and containers:         Information about storage in one common storage facility:         Further information about storage conditions:         8 Exposure controls and personal protect         Additional information about design of technical systems:         Components with critical values that require monitoring at the workplace:         Additional information:         Personal protective equipment         General protective and hygienic measures         Breathing equipment:         Protection of hands:         Material of gloves         Penetration time of glove material	Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits. Collect mechanically. See Section 7 for information on safe handling See section 8 for information on safe handling See section 8 for information on disposal. Keep containers tightly sealed. Store in cool, dry place in tightly closed containers. No special precautions necessary if used correctly. Keep ignition sources away - Do not smoke. No special requirements. Store away from oxidizing agents. Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. No special requirements. Store away from oxidizing agents. Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. <b>tion</b> Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Not required. No data The usual precautionary measures should be adhered to in handling the chemicals. Keep away from foodstuffs, beverages and food. Wash hands during breaks and at the end of the work. Use breathing protection with high concentrations. Check protective gloves prior to each use for their proper condition. The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. Impervious gloves

Trade name 2-Chlorobenzenesulfonamide

Revision: 21.08.2010

Trade name 2-Chlorobenzenesulfonamic		
	(Contd. of page 1	
9 Physical and chemical properties: General Information		
Form:	Crystalline powder	
Colour:	White Yellow	
Smell: Change in condition	Not determined	
Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start:	189-191°C Not determined Not determined	
Flash point:	Not applicable	
Ignition temperature:	Not determined	
Decomposition temperature:	Not determined	
Danger of explosion:	Product is not explosive.	
Critical values for explosion: Lower:	Not determined	
Upper:	Not determined	
Steam pressure:	Not determined	
Density	Not determined	
10 Stability and reactivity		
Thermal decomposition / conditions to be		
avoided: Materials to be avoided:	No decomposition if used and stored according to specifications. Oxidizing agents	
Dangerous reactions:	No dangerous reactions known	
Dangerous products of decomposition:	Carbon monoxide and carbon dioxide Nitrogen oxides (NOx)	
	Hydrögen chloride (HĆI) Sulphur oxides (SOx)	
	Hydrogen cyanide (prussic acid)	
11 Toxicological information		
Acute toxicity:		
Primary irritant effect: on the skin:	May cause irritation	
on the eye:	May cause irritation	
Sensitization: Additional toxicological information:	No sensitizing effect known. To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.	
·	To the best of our knowledge the acute and chronic toxicity of this substance is not fully known. No classification data on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH.	
12 Ecological information:		
Additional ecological information:		
General notes:	Water hazard class 1 (Self-assessment): slightly hazardous for water.	
	Do not allow undiluted product or large quantities of it to reach ground water, water bodies or sewage system. Do not allow material to be released to the environment without proper governmental permits.	
13 Disposal considerations		
Product:		
Recommendation	Hand over to disposers of hazardous waste.	
	Must be specially treated under adherence to official regulations. Consult state, local or national regulations for proper disposal.	
Uncleaned packagings: Recommendation:	Disposal must be made according to official regulations.	
14 Transport information Land transport ADR/RID and GGVS/GGVE (cross-border/domestic)		
ADR/RID-GGVS/E Class:	None	
Maritime transport IMDG/GGVSea: IMDG/GGVSea Class:	None	
Marine pollutant:	No	
Air transport ICAO-TI and IATA-DGR: ICAO/IATA Class:	None	
Transport/Additional information:	Not dangerous according to the above specifications.	
15 Regulatory information		
Designation according to EC guidelines:	Observe the normal safety regulations when handling chemicals	
	The product is not subject to identification regulations under EC Directives and the Ordinance on Hazardous Materials (GefStoffV).	
National regulations		
Information about limitation of use:	For use only by technically qualified individuals.	
Water hazard class:	Water hazard class 1 (Self-assessment): slightly hazardous for water.	
16 Other information:		
Employers should use this information only as	a supplement to other information gathered by them, and should make independent judgement of suitability of	
not in conformance with this Material Safety D	ect the health and safety of employees. This information is furnished without warranty, and any use of the produc ata Sheet, or in combination with any other product or process, is the responsibility of the user.	
Department issuing data specification shee	t: Health, Safety and Environmental Department.	
Contact: Abbreviations and acronyms:	Zachariah Holt
