Printing date 20.08.2010	Revision: 20.08.2010
1 Identification of substance	
Product details	
Trade name	2-Fluoro-DL-phenylalanine
Stock number:	L07654
Manufacturer/Supplier:	Alfa Aesar GmbH & Co.KG
	Benzstrasse 3 E-mail: gcat@matthey.com D-76185 Karlsruhe / Germany www.alfa-chemcat.com
Informing department:	Product safety department.
Emergency information:	Giftnotruf Universität Mainz / Poison Information Center Mainz www.giftinfo.uni-mainz.de Telefon:+49(0)6131/19240
	www.giftinfo.uni-mainz.de Telefon:+49(0)6131/19240
2 Hazards identification	
Hazard designation:	void
Information pertaining to particular dangers for man and environment	Not applicable
GHS label elements	Void
3 Composition/information on ingredient	S
Chemical characterization:	
Designation: (CAS#)	2-Fluoro-DL-phenylalanine (CAS# 2629-55-2)
Identification number(s): EINECS Number:	220-105-7
4 First aid measures	
After inhalation	Supply fresh air. If required, provide artificial respiration. Keep patient warm. Consult doctor if symptoms persist.
After skin contact	Seek immediate medical advice. Instantly wash with water and soap and rinse thoroughly.
	Seek immediate medical advice.
After eye contact After swallowing	Rinse opened eye for several minutes under running water. Then consult doctor. Seek medical treatment.
v	
5 Fire fighting measures	
Suitable extinguishing agents Special hazards caused by the material, its	CO2, extinguishing powder or water jet. Fight larger fires with water jet or alcohol-resistant foam.
products of combustion or flue gases:	Can be released in case of fire:
	Carbon monoxide and carbon dioxide Nitrogen oxides (NOx)
	Hydrogen fluoride (HE)
Protective equipment:	Hydrogen cyanide (HCN) Wear self-contained breathing apparatus.
	Wear full protective suit.
6 Accidental release measures	
Person-related safety precautions:	Wear protective equipment. Keep unprotected persons away.
Measures for environmental protection:	Ensure adequate ventilation Do not allow material to be released to the environment without proper governmental permits.
Measures for environmental protection: Measures for cleaning/collecting:	Collect mechanically.
Additional information:	See Section 7 for information on safe handling See section 8 for information on personal protection equipment. See Section 13 for information on disposal.
	See Section 13 for information on disposal.
7 Handling and storage	
Handling	
Information for safe handling:	Keep containers tightly sealed. Store in cool, dry place in tightly closed containers.
Information about materian engines	No special precautions necessary if used correctly.
Information about protection against explosions and fires:	Keep ignition sources away - Do not smoke.
Storage	
Deguirements to be mat by starsage and	
Requirements to be met by storerooms and containers:	No special requirements
containers: Information about storage in one common	No special requirements.
containers:	No special requirements. Store away from oxidizing agents.
containers: Information about storage in one common storage facility:	Store away from oxidizing agents. Keep container tightly sealed.
containers: Information about storage in one common storage facility: Further information about storage conditions:	Store away from oxidizing agents. Keep container tightly sealed. Store in cool, dry conditions in well sealed containers.
containers: Information about storage in one common storage facility: Further information about storage conditions: 8 Exposure controls and personal protect	Store away from oxidizing agents. Keep container tightly sealed. Store in cool, dry conditions in well sealed containers.
containers: Information about storage in one common storage facility: Further information about storage conditions: 8 Exposure controls and personal protect Additional information about design of	Store away from oxidizing agents. Keep container tightly sealed. Store in cool, dry conditions in well sealed containers.
containers: Information about storage in one common storage facility: Further information about storage conditions: 8 Exposure controls and personal protect	Store away from oxidizing agents. Keep container tightly sealed. Store in cool, dry conditions in well sealed containers.
containers: Information about storage in one common storage facility: Further information about storage conditions: 8 Exposure controls and personal protect Additional information about design of technical systems: Components with critical values that require	Store away from oxidizing agents. Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. tion Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.
containers: Information about storage in one common storage facility: Further information about storage conditions: 8 Exposure controls and personal protec Additional information about design of technical systems:	Store away from oxidizing agents. Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. tion Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity
Containers: Information about storage in one common storage facility: Further information about storage conditions: 8 Exposure controls and personal protect Additional information about design of technical systems: Components with critical values that require monitoring at the workplace: Additional information:	Store away from oxidizing agents. Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. tion Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Not required. No data
Containers: Information about storage in one common storage facility: Further information about storage conditions: 8 Exposure controls and personal protect Additional information about design of technical systems: Components with critical values that require monitoring at the workplace:	Store away from oxidizing agents. Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. tion Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Not required. No data The usual precautionary measures should be adhered to in handling the chemicals. Keep away from foodstuffs, beverages and food.
Containers: Information about storage in one common storage facility: Further information about storage conditions: 8 Exposure controls and personal protect Additional information about design of technical systems: Components with critical values that require monitoring at the workplace: Additional information:	Store away from oxidizing agents. Keep container tightly sealed. Trade name 2-Fluoro-DL-phenylalanine

Revision: 20.08.2010

Page 2/3

٦

Trade name 2-Fluoro-DL-phenylalanine	
	(Contd. of page 1
9 Physical and chemical properties:	
General Information	
Form: Colour:	Powder White
Smell:	Not determined
Change in condition	
Melting point/Melting range: Boiling point/Boiling range:	245°C (dec) Not determined
Sublimation temperature / start:	Not determined
Flash point:	Not applicable
Ignition temperature:	Not determined
Decomposition temperature:	Not determined
Danger of explosion:	Product is not explosive.
Critical values for explosion: Lower:	Not determined
Upper:	Not determined
Steam pressure:	Not determined
Density	Not determined
10 Stability and reactivity	
Thermal decomposition / conditions to be	No decomposition if used and stored according to apositions
avoided: Materials to be avoided:	No decomposition if used and stored according to specifications. Oxidizing agents
Dangerous reactions:	No dangerous reactions known Carbon monoxide and carbon dioxide
Dangerous products of decomposition:	Nitrogen oxides (NOx)
	Hydrogen fluoride Hydrogen cyanide (prussic acid)
11 Toxicological information	
Acute toxicity:	
Primary irritant effect: on the skin:	May cause irritation
on the eye:	Maý cause irritation
Sensitization: Additional toxicological information:	No sensitizing effect known. To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.
Additional toxicological information.	No classification data on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA
	or ACGIH.
12 Ecological information:	
Additional ecological information:	
General notes:	Water hazard class 1 (Self-assessment): slightly hazardous for water.
	Do not allow undiluted product or large quantities of it to reach ground water, water bodies or sewage system. Do not allow material to be released to the environment without proper governmental permits.
13 Disposal considerations	
Product: Recommendation	Hand over to disposers of hazardous waste.
Recommendation	Must be specially treated under adherence to official regulations.
	Consult state, local or national regulations for proper disposal.
Uncleaned packagings: Recommendation:	Disposal must be made according to official regulations.
14 Transport information	
Land transport ADR/RID and GGVS/GGVE (ADR/RID-GGVS/E Class:	cross-border/domestic)
Maritime transport IMDG/GGVSea:	
IMDG/GGVSea Class:	None
Marine pollutant:	No
Air transport ICAO-TI and IATA-DGR: ICAO/IATA Class:	None
Transport/Additional information:	Not dangerous according to the above specifications.
15 Regulatory information	
Designation according to EC guidelines:	Observe the normal safety regulations when handling chemicals
j	The product is not subject to identification regulations under EC Directives and the Ordinance on Hazardous
National regulations	Materials (GefStoffV).
National regulations	For use only by technically gualified individuals
Information about limitation of use:	For use only by technically qualified individuals.
Water hazard class:	Water hazard class 1 (Self-assessment): slightly hazardous for water.
16 Other information:	
Employers should use this information only as	a supplement to other information gathered by them, and should make independent judgement of suitability of ect the health and safety of employees. This information is furnished without warranty, and any use of the produc
not in conformance with this Material Safety Da	ata Sheet, or in combination with any other product or process, is the responsibility of the user.
Department issuing data specification shee	t: Health, Safety and Environmental Department.
